

Brand Guideline

CREATED BY TAXGIG

01

Logotype

Always give a minimal spacement for the logotype. Give it at least 8px around the edges of the TaxGig logo.

Regular logotype

This is TaxGig's logo that should be used with the light background. Don't separate or rearrange the logotype and the icon.

Dark backgrounds

Logo with the light text and regular icon should be used with dark backgrounds.

Icon

TaxGig's icon is used whenever the main logo would not fit in full due to space restrictions.

02

Brand colours

These is the official TaxGig's color palette. You're encouraged to use these colors when displaying the logo and/or icon.
